

SHORTWAVE BULLETIN

Issue no. 1782, Oct 13, 2013.

Deadline e-mail next issue: 0900 UTC, Oct 27, 2013.

Lite försenat då Höja Hembygdsförening höll sin årliga höstfest i går kväll.....
Dessutom ville vår lilla vovve Elsa ta en längre promenad på morgonen.

Till detta nummer har kommit en massa trevliga tips. Det är trots allt så att en del fortfarande tycker att KV är trevligt att skriva över. Veckans överraskning har varit 5005 R Bata som gått bra de flesta kvällarna nu.
Martin Elbe tror att kineserna har varit på sin årliga runda och servat ett antal sändare där nere i Afrika. Det låter mycket troligt då även R Africa återtog sändningar den 2/10.
Även R Candip på 5066,33 har reaktiverat sig.
Trots allt finns det något kvar att sätta tändarna i.

Betr. Equatorial Guinea så är det ett av de svåraste länderna att få visum till. De flesta som varit där har inte några positiva erfarenheter, mycket trubbel med resandet i landet.
Trots det var Jesper lite sugen på att åka dit!

Keep on

=====

QSL, kommentarer, mm.

Another DX-er mailed me showing interest in SWB. He is now added to the send list hoping to get some interesting contributions in the future. Welcome to the gang, Chris. Also please tell us where you live.

Chris Litavec. I have several receivers. My favorite being a Drake R8. I also have a Kenwood R-5000 which is also a decent receiver. I've got a Pixel RF-pro A on the roof and 35 ft. circumference loop between two trees connected to a Wellbrook ala-11m. I'm just hoping to gain some knowledge and share any info I have with other people of the same interest. Thanks for considering my application.

Dave Valko. 7 October 2013: There was some nasty static crashes no doubt from the approaching cold front. And the rains came while I was listening. It was really difficult to hear with the heavy rain falling on the roof of the Jeep!! Propagation was probable relatively normal. LAs weren't anything special. The 4709.99 station was no better either. I was really surprised how well 19m was doing. I've never had good reception using a BOG. Highlights would be Nabire, Bougainville, and Bangladesh.

Dave Valko. 9 October 2013: Made the decision to go out to listen on the fact Mosoj Chaski was good, Milne Bay and ENB were on and New Ireland was on yesterday, and the disturbed conditions can sometimes bring unusually good reception.

A few stations were better than usual, but conditions were only fair at best. It was noisy also. 90mb PNGs were down in the mud. I could only muster a little audio out of ENB. 3905 NBC New Ireland was absent. Hams really blasted 41m. The highlight was definitely R. Quillabamba. 90mb PNG signals were worse at 1045 than at 1000!!

RX: Microtelecom Perseus SDR with ARR preamp. ANT: 315' Beverage (BOG) at 0 degrees.

(Dave, I think there is no problem with the antenna and your equipment. The conditions during the last two weeks had been very boring – at least over here. /TN)

John Ekwall: Trots en gipsad hand (sågen slant) har jag kunnat dra ut ca 300 m dropwire i WNW. Återstår bara att ansluta 140 meter koax till en balun (beställd av proffset SW) och dra in den i huset. Jag går in på gavelsidan under taknocken över vinden och borrar hål taket ner till lyssnarhörnan.
Kollade lite på KV natten mellan tisdag och onsdag. Det var fladdriga signaler på de superstarka asiaterna på 60m i övrigt knappast någon LA. Må väl!

(Med ditt nya läge så bör det väl vara väldigt lite störningar, så nu väntar vi bara på en välmatadlogg! /TN)

Dan Olsson: Det var länge sedan jag bidrog. Anledningen är att jag hela sommaren och hösten har hållit på med att bygga hus. Jag har hjälpt min yngsta styvdotter och svärson med detta. De har byggt hus strax utanför Dösjebro på en före detta hästäng. Idag har vi fått klart av målningen av huset och bara lite spröjsmålning återstår.

Tipsen som är hörda mellan 7 september och 20 september är gjorda under en semesterresa till Gräsmark. Gräsmark är en liten by med 700-800 invånare ca 2 mil nordväst om Sunne och 2,5 mil sydväst om Torsby. Därför ett G som tillägg till min signatur. Jag hade 3 antenner på 175 meter ute i skogen och det är alldeles störningsfritt där. En ren njutning jämfört med hemma.

Tipsen märkta 5 oktober är ifrån vår första lyssnarnatt i Saxtorp. Tyvärr fick jag åka hem redan 1915 UTC då frugan hastigt insjuknat. Vi fick åka till akuten i Lund där de konstaterade att hon fått blodproppar på bägge lungorna. Det var med några timmars marginal som hon klarade livhanken. I torsdags kom hon hem men en lång sjukskrivning återstår.

På tal om olyckor fick jag i dag (12 oktober) ett mail ifrån vår medlem Kurt "KUN" Norlin som hade varit med om en hemsk olycka den 13 september. Han hade ramlat ner för en stege och slagit sig med följande åkommor: vänster axel, fraktur, höger arm fraktur, nyckelbensfraktur, bäckenbensfraktur, revbensfraktur och en skada på svanskotan. Så det dröjer nog ett tag innan Kurt kan lyssna på radio igen.

Efter dessa olyckor får man ta till vara sitt liv på bästa sätt och vara försiktig.

Lite QSL har också inkommit till mig: **R China International 6175** Kort, rapportformulär, **R Universe 6385** e-brev, **R Summermeeting 6423** e-brev, **9975 KVOH** e-brev.

(Dan, trist att höra om din hustrus problem. Hoppas nu att allt rättar till sig och att hon förblir frisk. Till Kurt – fy sjutton vilken smäll. Du får ta det lugnt nu ett tag så kroppen hinner hämta sig. /TN)

Arne Nilsson: Inga vidare cx.... Jag rensade en hel del inspelningar i går, inte något nytt på dem. OK, en del PRU har hörts men inget upphetsande.

Jag har försökt testa mina två nya antenner, 50 gr och 330 gr.

Asien/Pacific-antennen tycker jag ser mycket lovande ut! Ex AUS på 2325/2485 och 4835/4910/5025 går oftast nästan 2 S-enheter starkare på den än på det bästa jag hade tidigare. Ex 4835 hörs ofta med över S8, vilket ger en fantastiskt bra hörbarhet, jag tror jag aldrig haft den med denna styrka tidigare. De går så nästan varje kväll. Men ingenting från AUS på 2368,5 ännu! Lika illa med PNG. Märkligt att de inte vill komma fram.

Vi får se hur det funkar då cx blir bättre åt det hållet.

På MV har Asien-cx varit dåliga senaste tiden, men även där är antennen mycket bättre än de gamla.

På 330 gr antennen är det väldigt tyst. Finns inte mycket åt det hållet. Även östkust NA går dåligt, min W8JI är bättre mot det hållet. Faktum är att ex västkusten ligger utanför +/- 30 gradersloben på antennen, så det verkar ju OK att det området i så fall inte hörs så bra. Däremot borde AK gå fint på den, då cx väl kommer! 50 gr antennen är 30-40m längre än 330 gr antennen, så något borde ju höras! Elektriskt ser den helt perfekt ut, SWR är mkt bra.

Så här får jag avvakta tills det blir riktiga NA cx. Hittills har det varit dåligt, bara 1-2 nätter har varit dominerade av NA och det var innan jag hade den nya antennen uppe.

Annars är nog W8JI antennen bäst just nu. Många gånger har jag mindre splatter på en del frekvenser än det är på Bavern.

Den är också lättare att få att funka bra eftersom den inte behöver jordas! Den är ju ca 200m kortare än Bavern men ändå verkar den ha lika bra förstärkning.

Det borde vara dags för NA snart, i fjol vid denna tid hade det varit ett par hyfsade öppningar. Jag har heller inte haft ngn La Plata-öppning i år. Inte ännu, i alla fall.

I dag var jag ut och satte på PET-flaskor som skydd för transformatorer och avslutningsmotstånd, så nu ska dom klara vintern.

(Det är nog så att kondsen har varit för dåliga för att göra dina antennexperiment rättvisa. Har nästan inte hört en signal från andra sidan polen på ett bra tag. Det verkar som kondsen är helt i olag. /TN)

Giampiero Bernardini: Ciao Thomas. After a long time I could turn on again my receivers in the night. Here some tips. Nice to hear Radio Progreso, it sounded like many years ago.

SWB is always really interesting with tips and news. I found many interesting info also about receivers, software, antennas, accessories and other. Go on!

RX: Perseus – ANT: T2FD 15 meters long – QTH: Milan, Italy
 A real friendly ciao from Italy, Giampiero

(Nice to hear from you again. It's nice to see the difference in the log from various parts of the world. The last year though nothing much of technology stuff. I had a plan to test a big Delta Loop but it seems it is just a plan .../TN)

Log

(UTC)

2325	Oct2	1115	VL8T Tennant Creek NT 1115 to 1143 with music show tune and discussion of "...Big Band era" and "... Warner Brothers studio" -1118, "...American Cinema a program of "-1126.. 2 October 2485 in same time but with reduced signal strength (Wilkner)
2325,0	Sep25	1030	ABC Northern Territory Svc, Tennant Creek 1030-1048 with back to back US pops. Anncs by OM. Poor and No sign of 2310. 2485.0, Katherine RIPPEL, VA
2485	Oct9	1111	ABC Katherine 1111 short ABC Local R. ID/promo by W. Fair. MP3 audio file can be found at https://app.box.com/s/bauhwahmih1o1glgv80 Dave Valko
2485,0	Sep25	1050	ABC Northern Territory Svc, Katherine // to 2325.0 @ 1050. Far better than 2325 and holding well through the dawn transition. RIPPEL, VA
3259,98	Oct12	1953	UNID with weak music noted here. Sign on 1936. Isturbed by a very weak harmonic from the X-band with Greek mx. TN
3260	Oct7	1107	NBC Madang Nat. nx by W to 1107, then immediately into regional nx w/out missing a beat. 1116 ad then stn ad political pgm giving rates and times and starting out w/"Radio Madang...." and ended w/ment of Radio Madang. 1117 studio M in muffled audio w/TC, mx briefly and cont. w/mnts of broadcast and "...FM band...", ment of Madang, pgms "Country ??", "Outbreak", and NBC, and phone #s 76709887 and 76659803. Read probably every PSA they had in the stn to 1136!! Had a promo w/medley of Pop songs. Into Reggae song, then M anncr returned at 1139. MP3 recording at https://app.box.com/s/3qpn6hc00bqmff175dz7 Dave Valko
3260	Oct 6	1152	very poor signal singing, presumed NBC Madang. Only other 90m PNG carrier frequency audible is 3325, which could also be Indonesia. 3260 continued past 1200, and went off circa 1206 tho I missed the exact instant (Glenn Hauser, OK)
3310	Oct 4	0107	very poor music sounds Andean vocal; 0108 YL announcement, presumed R. Mosoj Chaski, on after 0100 today (Glenn Hauser, OK)
3310	Oct9	0917	R. Mosoj Chaski 0917 end of feature w/M host, and into promo/info block including ID/promo anmnt by alternating M and W. Almost all anmnts were alternaing M and W. Ments of corazon and Cochabamba. 0921-0923 pleasant campo song w/M vcl and chorus of girls. 0923- more promos/info anmnts w/first canned anmnt w/M and W ending w/chorus singing "...corazon". 0925-0927 another campo song w/women chorus. 0927-0930 live studio M anncr host. 0930 more canned anmnts. 0932 tlk by live studio W anncr host. Although still at a decent level, it seemed stronger at home. Dave Valko
3325	Oct7	1113	NBC Bougainville 1113 end of tlk by M in Tok Pisin (nx??). W anncr w/segment intro and classical mx, then tlk by M w/ment of PNG and province, and had a soundbite of M speaking. 1117 classical mx again and W anncr w/outro. Into Pop mx. 1118 tlk by W w/ment of today, "...radio station....", computer, "...of you want help...", Internet, 1120:10 ment of Bougainville, population, New Guinea. She was immediately followed by M at 1121 w/ment of corporation, government, radio, and possibly R. Bougainville at 1123:55, and at 1124:35 "...antenna ?? Kieta radio station FM...". W returned and at 1125:05 ment of "...radio station, NBC

Bougainville ?? station ?? radio station providing service ?? people ?? program...", and 1125:45 another ment of Bougainville, "...developement long communitiy long Bougainville". 1126 then same M w/ment of information, network, commission, August, "all night long", evening, program, community center, Bougainville. 1130 W again briefly over instru. mx w/ment of management, NBC, member, document, "...leading newspaper...", program, Bougainville, developement ,and "We hope you...". 1133 ad or promo w/choral singing and deep-voiced M muffled. 1134-1137 current Dance mx. Stronger than Madang at 1135!! 1138 M DJ w/TC and ment of program, some sort of jingle at 1139, M returned briefly, then into Pop ballad past 1141. Didn't think this would get as good as it did. Peaked 1125-1130. No audible or visual (in the display) sign of Palangkaraya. MP3 recording at <https://app.box.com/s/mek8427d1kwsov7coj8r> Dave Valko

- 3344,86 [Non] RRI Ternate. Continues silent for about a month now through Oct 11; safe to say they are gone till next Ramadan. (Ron Howard, Asilomar State Beach, CA, USA)
- 3364,985 Oct12 1927 Tent NBC Milne Bay with a S4 signal, just enough to produce audio. But too weak for any ID. Already there at 1858.TN
- 3365 Oct10 -1413* NBC Milne Bay, 1413*, Oct 10. This station stays on the air the longest of all the NBC stations; off with "The Voice of yesterday, today ... NBC National Radio." (Ron Howard, Asilomar State Beach, CA, USA)
- 3365,0 Sep25 1110 UNID Talks by OM in lang, band noise did not allow even an educated guess as to what was being spoken. Fading fast and suspect an SaM, perhaps Cultura. RIPPEL, VA
- 3480,0 Sep25 1058 Voice of the People in lang @ 1058. Matrial music into TOH annes by OM. 09/25 RIPPEL, VA
- 3905 Oct 8 1244 AM carrier here with heavy LSB QRhaM. Straining, it`s JBM with talk, 1248 a bit of music, more talk, but just too weak. At least the hams are slightly to the side tho loquacious. Checking this since Ron Howard reported yesterday that Kavieng had reactivated unexpectedly, announced as for the "anniversary celebration of NBC New Ireland", and he too was hearing it again today, better, at 1153-1302. Says last heard before Oct 7 was July 24, and here`s his audio of Oct 7: <https://app.box.com/s/2ge13t8udgq5k1nq5m68> Unknown when exactly the anniversary is or how long this return to 3905 will endure. Note colorful slogan as in WRTH: ``Singaut bilong Drongo`` (BTW, is there *any* similarity between Old Ireland and New, except perhaps being green?). BTW, Ron says 3365 Milne Bay is also back today after several weeks off (Glenn Hauser, OK).
- 3905 Oct7 1132 NBC New Ireland,. Last heard on July 24. Heard again on Oct 7 at 1132 till 1201 with series of monologues in Tok Pisin/Pidgin; series of phone numbers; many local IDs; mentioned "celebration New Ireland"; series of advertisements (one with many mentions of "horsepower"); 1201 bird call; NBC news and weather ("showers") in English; after 1209 music program (pop songs mostly Pacific Island type, but played John Mellencamp's "Hurts So Good"); 1301 bird call; NBC news in English; poor to almost fair; ham QRM; QRN. Very nice to have them back again and wonder what event is happening now to bring them back to SW again? Audio at <https://app.box.com/s/2ge13t8udgq5k1nq5m68> 1153-1302, Oct 8. Better reception than yesterday; special programming in Tok Pisin/Pidgin for the "anniversary celebration of NBC New Ireland"; schedule of upcoming activities ("traditional welcome," "after the welcoming speech," etc.); did not catch which day it was happening on; 1201 bird call; "NBC News in Brief"; 1301 bird call; "NBC News Roundup"; played very little music, as it's mostly talk about their anniversary celebration. BTW - NBC Milne Bay on 3365 heard again Oct 8, after being off the air for several weeks. Very brief reactivation for the "anniversary celebration of NBC New

			Ireland"; only heard Oct 7 and 8; has not been heard again through Oct 11. What will be the next special New Ireland event that will bring back their SW operation? (Ron Howard, Asilomar State Beach, CA, USA)
3905	Oct12	1135	NBC New Ireland, 1135-1241, Oct 12. After being off the air for three days, today continued with special programming in Tok Pisin/Pidgin; long monologue about "radio ... New Ireland ... Internet, email ... NBC"; 1158 several mentions of "NBC celebrations"; after 1200 DJ format music program; playing pop Pacific Island songs; frequent local IDs; poor/ham QRM/QRN (Ron Howard, Asilomar State Beach, CA)
3905	Oct8	0900	R. New Ireland. Per Ron Howard tip, found around 0900 when Hams weren't on. Stronger at 1104 w/pres. NBC nx by W in between Ham contacts. 1148 looks like the Ham net went off and getting W anncr tiking. Ment of PNG. Still tiking all the way to 1200 when more Hams came up. Could still hear mx at 1200 through the Hams. Dave Valko
3905	Oct7	2158	Tent R New Ireland. When I saw Ron Howard's log that R New Ireland was active again I checked the frequency and there was a weak station with mx on my Flag pointing in 120 degrees, so most likely Papua. On Oct 12 no carrier visible, only a strong pirate station with nonstop mx on 3904,95. TN
3945	Sep29	0847	R. Nikkei 2, Chiba-Nagara. 0847-0855 music selections but hard to identify the genre by strong statics interference, seems English Pop. From 0855 unclassified interference struk Nikkei. Fair signal, 22232 (lob-B).
3985	Oct 4	23:53	R.700, Kall, Germany pops, oldies, good (Bernardini)
3995	Oct 4	23:56	Life FM, Weenermoor, Germany English talks, ids, fair (Bernardini)
4699,9	Sep25	0955	Radio San Miguel, Riberalta 0955 to 1030 fade, om and briefly yl with music program "en el nacion ..la musica ..." (Wilkner)
4699,9	Oct5	2226	R. San Miguel, Riberalta, castelhano, anúncios vários, música índia; 35342. Carlos Gonçalves
4709,9	Oct11		[UNID] For the first time there was no carrier visible on this frequency on Oct10. Back again but weak on Oct 11. TN
4710	Sep25	1030	Unid. 1030 ranchera music into vocal... faded out by 1035. - (Wilkner)
4747,09	Oct2	0045	R Huanta 2000, Huanta Spanish talk 25222 AP-DNK
4747,1	Oct7	0900	R. Huanta Dos Mil Noted a carrier already on at home at 0820 before I left, and when I started listening at 0900. Didn't hear any audio though. Campo mx at 0933 however. 0941 M anncr DJ on w/TC and tlk, and back to mx at 0942. 0956 ad block w/many many ments of Huanta. Still running ads when it suddenly went off at 1003:19. Back on at 1006:08 w/ads continuing. Not all that strong. Dave Valko
4747,1	Oct5	2225	R. Huanta 2000, Huanta, quíchua, texto, música índia, lista de nomes, talvez p/ mensagens; 35342. Carlos Gonçalves
4750	Oct3	1153	Unid. Sub continental music 1153, bass driven music 1159, then 1200 yl and om, 1210 fade out. (Wilkner)
4755,5	Oct9		[Non] The Cross hasn't been heard in about the last 2 weeks and not today Oct 9 either. Dave Valko
4760,01	Oct8	1147	UNID. Definite signal here at 1147 but just not strong enough to pull out any audio. Dave Valko
4765	Oct1	0056	R Progreso, the new Cuban station was audible this night from 0056z and onwards. Best heard when R Tajikistan has closed down sometimes between 0156 and 0256z. Good signal here in Ängelholm. A clear ID heard at 0400z. According to their website, the 4765 transmitter was fired up on Oct 1 with programs from 8.30 PM to 12.00 AM. (See more in Station News below). Also noted on Oct 11 with sign off at 0404 after NA. TN
4765	Oct 5	0057	Radio Progreso, Cuba. Songs, talks and many ids, a great one giving also the tropical frequency of 4765 kHz at around 0100. Fair, better later at around 02.15 utc. Voice modulation was not so good. (Bernardini)
4765	Oct 9	0113	new R. Progreso SW relay has quickly become just another nuisance from Castro & Castro. It's mostly music, but lo-fi, sounds like ABBA at the moment. Wolfgang Büschel compared it to Rebelde 5025 and RHC 5040 via remote SDR in Miami 48 hours earlier, and concluded that 4765 is only 8-9

kHz wide and with dropouts lasting about 1/10 of a second; 5025 is 18 kHz wide, much better for music; 5040 is 10-13 kHz wide. Arnie Coro had asked Rich D`Angelo for an mp3 of 4765 off the air so the CE could listen to it; also gave details of the system: it`s a 48-year-old Ukrainian-built Snieg`50, air-cooled 50 kW, plate-modulated ``in pristine condition``! Antenna a Nadenenko-type broadband dipole with ``very nice horizontal and nice vertical radiation patterns``. He also suggests it start earlier at 2300 to include a major newscast. Terry Krueger in Florida says, ``They should just run this 24/7. Some of the daytime Progreso is boring (radio novelas) but when in music mode, the network is mostly very good`` (Glenn Hauser, OK)

4765,00	Oct6	-0402*	R Progreso, La Habana - NEW STATION Spanish ann, mentioning "... Progreso...", Cuban pop music, time ann, slow talk by man and woman 34232 (S 7-9 dB) CWQRM after Tajikistan had faded out. At the same time Cuba was heard on 5025 (R Rebelde, 50 kW) with S 9+10 dB and on 5040 (R Habana Cuba, 100 kW) with S 9+20 dB. Thus the new station on 4765 hardly transmits with more than about 10 kW AP-DNK
4765,06	Oct2	0050	Tajik R 1, Yangiyul Tajik reading poetry with local music in background, 0043 clear ID: "Injo Dushanbe", ann and more reading with music 45333. Cuba could not be heard at this hour AP-DNK
4774,91	Oct2	0050	R Tarma, Tarma Spanish ann, Latin American pops 24343 Heterodyne maybe from inactive AIR Imphal AP-DNK
4775	Oct5	2228	R. Congonhas, Congonhas MG, texto, música; 25331. Carlos Gonçalves
4775,00	Oct11	1205	AIR Imphal (presumed). Had been on 4775.10 for a while. Must still be working on tx, as today was on and off again; only with open carrier. (Ron Howard, Asilomar State Beach, CA, USA)
4781,7A	Oct 6	1058	Music with a fast beat exceeding the CODAR QRM, 1100 canned ID I can`t make out, 1101 more readable live(?) announcement in Spanish, another canned one, 1103 finally mention of Tena, so R. Oriental as expected. I never hear this one in my circa 0100 UT sessions, as it goes off at 0000* per Ralph Brandi & Rich D`Angelo in NASWA Flashsheet, who put it on 4781.665 and 4781.6 respectively. The latter is also the QRG per Bob Wilkner with whom I agree that it is the last S American to fade out on 60m, as I am hearing no others when it`s still audible with music at 1117. A Colombian might exceed it, except there aren`t any. WRTH 2013 showed it as HCLE7, 3 kW from Tena, Napo, irregular schedule and mostly inactive; but I think it has been mostly active lately. http://www.gaisma.com/en/location/tena.html shows Tena sunrise at 1056 UT today, and at less than 1 degree south of Equator, varies little, only about 20 minutes thru the year, as late as 1111 both 3 and 6 months from now, i.e. January and April, which doesn`t make sense; distance from my IP as 4.6 megameters (Glenn Hauser, OK)
4785	Oct5	2223	R. Caiari, Pt.º Velho RO, anúncios comerciais e outros, de cariz informativa; 25331. Carlos Gonçalves
4805	Oct5	2213	R. Dif.ª do Amazonas, Manaus AM, anúncios comerc., relato de jogo de futebol; 25331, e a melhorar. Carlos Gonçalves
4810	Oct7	0950	R. Logos In the clear at 0950 when the massive UTE just above went off. Nice campo mx w/beautiful flute solo. 0951 M w/TC only, then diff. M on w/ment of "...a hora ?? palabra de Dios...". Looked like I'd get a good recording, then the UTE started up again at 0952:12. Dave Valko
4815	Oct5	2231	R. Dif.ª, Londrina PR, canções; 25331. Carlos Gonçalves
4835	Oct7	1207	ABC Alice Springs 1207 good signal w/end of upcoming song anmnt and into said song. WWCR off. Dave Valko
4835	Sep24	1128	VL8A Alice Springs, NT 1128 yl vocal into om and yl talk regarding the "...security services" and "...epicenter of the storm" to 1140. (Wilkner)
4835	Oct7	0828	VL8A, Alice Springs, Territ.º do Norte, 0828-desvaen. total, 0950, 07/10, inglês, texto, música, notícias, às 0830, texto; 33442, QRM adj. da WWCR, EUA, em 4840. Carlos Gonçalves
4835,0	Oct5		VL8A ABC Alice Springs OM anncr calling sports program; sounded like Australian version of SaM "Football." // with both audible 120M outlets

4840	Oct6	0912	although no sign of 2310.0 RIPPEL, VA WWCR, Nashville TN, 0912-desvaen. total 0935, inglês, propag.relig.; 25332. Carlos Gonçalves
4865,01	Oct9	0942	R. Verdes Florestas 0942 caught the IS followed by full canned ID anmnt by M, and into live rel. vcl song by W. 0949 full canned ID anmnt played again. 0949 into morning rel. pgm w/usual soft-spoken M host. Later, heard the morning nx pgm. Strong and clear during the IS. MP3 audio file can be found at https://app.box.com/s/aq8lp9io7oa35y38aakv Dave Valko
4869,90v	Oct10	1228	RRI Wamena. Kang Guru Indonesia show with Ana and Greg; "What to do to stay healthy - Walk"; often talking about Australia; some pop songs; much better reception than last Thursday (Ron Howard, Asilomar State Beach, CA, USA)
4874	Oct 13	0055	[and non] 4874, Oct 13 at 0055, approx. center of wandering blob vs 4875 Rdif. Roraima, so need to hear it on USB. (Glenn Hauser, OK)
4875	Oct5	2212	R. Dif. ^a de Roraima, Boa Vista RR, noticiário, música ligeira e canções, pelas 2230; 45343. Carlos Gonçalves
4875,0	Oct3	2310	Rdif Roraima, Boa Vista RR 2310 noted with better signal in ssb and seemingly stable on this fqy. Music, strong signal. (Wilkner)
4875,03	Oct11	0030	R Dif Roraima with good quality now also in AM. Stable signal after terrible problems with their transmitter during long time. Strong. TN
4875,5	Sep27	0958	Rdif Roraima, Boa Vista RR 0958 om in Portuguese strong but distorted signal, second man in call in? 1003 . (Wilkner)
4885	Sep11	0240	R Clube do Pará med fotboll mellan Brasilien och Portugal. 3-1 till brassarna slutade matchen. DOG
4885	Oct 9	0055	This is the best S American signal on 60m tonight, presumably R. Clube do Pará, hyper-enthusiasm suitable for a silly ballgame, interrupted by very brief commercials. Always CODAR QRM. This is also the only 60m ZY normally heard overnight (Glenn Hauser, OK)
4885,00	Oct6	0245	R Clube do Pará, Belém, PA Portuguese ann, talk, jingles: "Rádio Clube" 35343 AP-DNK
4894,95	Oct3	2143	R. Novo Tempo, Cp.º Grande MS, anúncios comerc., texto; 35221. Carlos Gonçalves
4905	Oct5	2233	Nova R. Relógio, Rio de Jan.º RJ, texto; 12331, QRM da CHN. Carlos Gonçalves
4914,94	Oct9	0826	R. Difusora Macapa 0826 Very nice "R. Difusora" ID at 0839:15 just seconds before 4915.026 pres. Daqui came on. Another ID amid the QRM at 0840:55 . A few ads at 0855 including ment of Macapa. Really nice signal and was hoping it would stay clear till at least 0900. (8 Oct.) Just as I was about to hit the button to start recording this fine signal around 0913, Daqui came on. Dave Valko
4914,95	Oct11	0056	R Dif Macapa with football. Alone on the frequency. Strong. TN
4915	Oct3	2355	Radio Daqui Goiânia GO.t. 2355 very strong signal with Spanish cover for the song "Rhythm of the Falling Rain" then sudden off * at 2358 in midst on song. (Wilkner)
4915	Oct 6	0124	The best S American signal on 60m but with flutter and CODAR, song in Portuguese, 0127 shouted IDs for R. Daqui, and 10:27 timecheck (Glenn Hauser, OK)
4915	Oct6	2202	R. Daqui, Goiânia GO, propag. relig.; 44333, QRM da R.Dif. ^a de Macapá, B. Carlos Gonçalves
4925,2	Oct5	2236	R. Educação Rural, Tefé AM, canções; 45332. Carlos Gonçalves
4949,74	Oct10	0336	R. Nacional Angola (presumed). Could tell when they had music or talking (just above threshold level). Here in Calif. unusual to get any audio (Ron Howard, Asilomar State Beach, CA, USA)
4950	Sep28	2345	R. Nacional de Angola, Mulenvos. 2345-2357 song by African singer of composer Caetano Veloso, followed by African style music, short Portuguese talks by male, English Pop. Statics, 33333 (lob-B).
4955	Oct7	1034	R. Cultural Amauta 1034 playing "El Condor Pasa", then live M annr in apparent Aymara, then back to somber choral mx, and 1038 more voice-over

			tlk w/"Amen". Fair. Has been improving lately as sunset is moving up. Dave Valko
4955	Oct5	2239	R. Cultural Amauta, Huanta, castelhano, texto; 45332. Carlos Gonçalves
4965	Oct3	2145	R.Alvorada, Parintins AM, canções; 35332. Carlos Gonçalves
4989,97	Oct11	2256	Weak carrier here gradually decreasing, too weak for audio. Presumably Hunan acc to antenna direction. TN
4990	Oct12	0026	Tent AIR Itanagar gradually decreasing signal to be gone at 0100. No sign of R Apintie for several days. TN
4990	Oct10	-1424*	AIR Itanagar, 1420-1424*. Local ID in English and news/local weather (Ron Howard, Asilomar State Beach, CA, USA)
5005	Oct2	2200	R Bata from 2156 to 2202 with a bunch of "Nigerian Afrobeat" music. Our son Jesper, who is quite an expert in World music, listened to the recording and recognized at least two of the songs, Iyanya with Kukere and Timaya with Good or Bad. This style of Nigerian music is extremely popular and is rapidly spread all over the countries in western Africa. At 2200 ID as "R Equatorial Guinee Bata" and a minute later in the px something like "R Bata, Ici Radio Diffusion Television Bata". The language sounded at this time like a mix of mostly FF, some SS and native. Acc. to Jesper this is often the case like in Paraguay or Suriname where the languages spoken in the country are mixed when people talk. At 2201 again into Nigerian pop mx. Earlier px only in SS. The signal was quite strong, S7-S8. Cd sometimes between 0004 – 0026. Recorded again on Oct 8 at 2154 with a SS px. The following was extracted by Henrik Klemetz: <i>(Final del informativo) (Voz femenina) Cinco minutos para las diez. (Música) Fue la actualidad en las noticias en el boletín informativo nacional en co-emisión con Radio Malabo a las 7 horas. las 16,30 minutos y a las 22 horas todos los días en Radio Bata 102 FM. (Música española)</i> <i>(voz masculina) En la Radio Bata estamos 24 horas al día contándote todas la actualidad con los programas más participativos, imaginativos y próximos, informativos ágiles y fiables y con rigor, las entrevistas, los debates más decisivos, los magazines que más interés despiertan, espacios deportivos en la voz de sus protagonistas en directo, la mejor compañía en la madrugada y las mejores experiencias para disfrutar del fin de semana. Todo eso, Radio Bata, una radio viva y actual donde grandes profesionales trabajan duro para ofrecerte muchas cosas buenas cada día. (Música)</i> Lots of thanks to Henrik Klemetz who listened to my recording and pulled out the text above. I now had two good recordings and tried a mail report with the mail address given in WRTH, info@rtvge.com , to see if this exotic station verifies. But that mail address does not work. I then asked Christoph Ratzer if he had a valid mailaddress but he says that it looks like snail mail is the only way. Website: www.rtvge.com (Thanks Christoph for that info) On Oct 11 the first sign of R Bata was at about 1625 with a very weak signal. Maybe the comment below by Martin Elbe suits well with reality as the R Africa transmitter also was reactivated the same day (see GH log below): <i>Sind die chinesischen Sendetechniker wohl wieder auf ihrer jährlichen Rundreise durch Afrika? (Tschüß, Martin Elbe in A-DX liste) /TN</i>
5005	Oct 5	2258	Very poor signal with some modulation, weakens at 2259 and thought off but then something still there; recheck at 2359 and not there. Thomas Nilsson, Sweden has been reporting RNGE, Bata reactivated and heard there well earlier at 2115 and as late as 0025 the past few days. That's much later than previously scheduled *05-21 (irregular) per WRTH; nor could I hear it after 0500 Oct 5. It seems an unlikely coincidence that the R. Africa transmitter on 15190 also reactivated on Oct 2; then it was gone again on Oct 3 and 4. I was not checking Oct 5 when Harold Sellers in BC heard it from 2039 until 2053 and dead air past 2140 (Glenn Hauser, OK)

5005	Oct5	1834	RNGE, Bata, 1834-1904 (a emissão ainda no ar, pelas 2240), dialecto local, IDs como "R.Bata", música pop' africana,..., canções em castelhano, pelas 2040; 45333. Carlos Gonçalves
5010,0	Sep23	0050	AIR Thiruvananthapuram (Presumed) 0050-0110 w/ Subcontinental mx into talks at the TOH. Supprisingly good for this "early" in the season. RIPPEL, VA
5024,84	Oct10	2215	R Quillabamba barely audible due to a bit stronger R Rebelde. TN
5024,94	Oct9	1004	R. Quillabamba 1004 found Rebelde had extremely weak distorted audio and figured Quillabamba might be audible. Sure enough, lowered the bandwidth way down, notched out Rebelde, and Quillabamba was audible and intelligible. 1006 tlc by M in SP w/TC. 1008 nice Huayno. 1011 M returned w/TC given twice, song anmnt, and nice ID at least 4 times at 1011:50 and mensaje w/ment of provincia, commercial, TC twice again w/ment of Quillabamba, and song anmnt. 1013-1016 another Huayno w/W vcl. 1016 M DJ w/TC and song anmnt, ment nacional and internacional, Quillabamba, and ending w/song amnt. 1019-1023 another Huayno w/group chorus. 1023-1025 M returned w/TC but Rebelde audio up now. 1025-1029 campo song w/man chorus 1028 Rebelde quiet again. 1029-1031 immediately into another song. 1031 brief deadair, then different M anncr DJ w/roomy sound to the audio and long tlc w/ment of "buenos dias", "la voz camposina", and Quillabamba, programa, Peru, 1037:40 possibly R. Quillabamba. 1039 another M anncr joined in tlking past 1043. If Rebelde wasn't here, R. Quillabamba would probably be as easy as R. Vision daily. MP3 audio file can be found at https://app.box.com/s/epkawwblhpy50x3g6kjs And a screenshot of the signal with Rebelde notched can be found at https://app.box.com/s/kz8dzvxwq74ui3tq8mx1 Dave Valko
5035	Oct5	2044	R. Aparecida, Aparecida SP, rubrica Cantinho Sertanejo (t); 25331. // 6135, 9629,7; 11855v fora do ar. Carlos Gonçalves
5039,16	Oct8	1003	R. Libertad de Junin 1003 nice Huayno, then live M anncr w/morning prayers and mentioning names (please pray for so and so??) and Junin. 1009 another Huayno. 1013 canned echo anmnt by M over mx w/ment of internacional. Faded a lot in just 5 min. 1015 live M returned w/TC and anmnts. Dave Valko
5066,33	Oct11	1622	R Candip starting to show up. Also noted Oct 11 with sign on at 0333. Very low audio noted first at 0400. TN
5109,67	Oct6	0300	WBCQ, Monticello, Maine English ann, pop songs - late broadcast - best in USB 45333 AP-DNK
5130	Oct1	1645	Radio Sadaye Zindagi. Yesterday Oct 1 at 1645z, not too strong, but clear... No signal last Saturday and Sunday. Also noted Oct 3 at 1640 with S5. 73 Christoph Ratzer
5765U			[Non] and 13362-USB, AFN Guam, both remain silent through Oct 11 (Ron Howard, Asilomar State Beach, CA, USA)
5860	Oct10	1445	Voice of Jinling (presumed). Pop song followed by two YL chatting in Chinese; fair (Ron Howard, Asilomar State Beach, CA)
5909,95	Oct 4	23:28	Alcaraván Radio, Lomalinda, Colombiatalks, weak (Bernardini)
5910	Oct6	2140	Alcaraván R via A Voz da tua Consciência, Lomalinda, castelhano, propag. relig.; 25332. Carlos Gonçalves
5915	Oct5	2118	ZNBC-Radio 1, Lusaka, dialecto local, texto, canções africanas, telefonemas de ouvintes; 45332. Carlos Gonçalves
5915	Oct10	*0231-	R. One/ZNBC, *0241. Open carrier noted at 0231; on with usual Fish Eagle IS; a good evening overall for Africa (Ron Howard, Asilomar State Beach, CA, USA)
5939,9	Oct3	2118	R. Voz Missionária, Camboriú SC, música de banda, mas c/ cariz religioso; 45433. Carlos Gonçalves
5950	Oct12	1345	Vo Tigray Revolution, Mekele, 1345 UT, SIO 343. Sehr früher Empfang auf 5950 aus Afrika, geht bis ca. 1445 UT sehr gut, danach starkes QRM. /73 Christoph Ratzer via A-DX liste

5952,4	Oct 4	0054	Pio Doce is missing again, off early or off completely; 4717-, Yura is only a JBA carrier. A few minutes after 0100, 6135-, R. Santa Cruz with a full ID on strong signal, but not enough to overcome the Aparecida 6135.0 het. Weaker het on 6155 probably involving R. Fides (Glenn Hauser, OK)
5952,5	Sep9	2340	R Pio XII pratade om skolutbildning i Bolivia. DOG
5964,948	Sep28	0500	Rádio Transmundial RTM, Santa Maria RS. S=9+30dB signal strength. Log of Roco's remote Perseus SDR unit server at local Rio de Janeiro, Brazil on Sept 28, logged at 0500-0600 UT slot. (73 wb via DXLD)
5969,98	Oct13	1345	Gannan RGD, Hezuo, from Gannan Tibetan Autonomous Prefecture, a seldom signal in Salzburg! Best around 1345 - 1415 UT s/off. /Christoph Ratzler
5970	Oct3	2119	R. Itatiaia, Belo Horizonte MG, rubrica de futebol Bate Bola; 34332, QRM adj. da R.Intern. da China, em 5960, c/ emissão em inglês. Carlos Gonçalves
5980	Oct 4	0053	[and non]. regular Chaski-check finds huge pulse jamming from CUBA. Sometimes there are traces of this, but it's horrible now, and totally uncalled-for, as R. Martí is on 5980 for only 3 hours in the middle of the night. It's not at the wall-of-noise level, but about as severe as it could be and still produce individual pulses. Tnx a lot, Arnie! Yet with BFO I can still detect a carrier under it, hopefully still Chaski, and it does go off at 0105:56, which is 6.5 seconds later than yesterday. Still not reset timer to cut off before 0100 (Glenn Hauser, OK)
5980	Oct 9	0058	R. Chaski carrier and some modulation; on past 0100 when I heard usual jingle, and with everything else going on, did not get back here until 0105:10 to find it's already off, rather than a minute later as expected, so the timer reset must have happened today, but not to before 0100. Tomorrow I should be able to extrapolate the re-start time from the new cutoff (Glenn Hauser, OK)
5980	Oct5	2235	R. Chaski, Cuzco, castelhana, propag. relig.; 45332. Carlos Gonçalves
5985	Oct 4	23:48	Padauk Myay Radio, Naypyidaw, Myanmar Talks, fair (Bernardini)
5985,78	Oct13	1530	Myanmar Radio, Yangon, local burmese broadcast, 1530 UT E ID, QRG, "Evening news", good from 1430 - 1545 UT. Christoph Ratzler
5995	Oct 4	2331	R.Mali, Bamako talks, weak, low mod as usual (Bernardini)
5995	Oct5	2240	R. Mali, Kati, francês, informação desportiva; 55333, modul./áudio muito baixa(o). Carlos Gonçalves
5999,99	Oct11	0100	R Guaíba alone and weak until 0100 when RHC signs on in EE "This is R Habana Cuba broadcasting from Cuba". Also noted exactly the same on Oct 12 at 0100. TN
6000	Oct5	2108	R. Guaíba, Pt.º Alegre RS, relato de partida de futebol; 14331, QRM da CHN. Carlos Gonçalves
6000	Oct 13	0128	English here is not from RHC, but CRI! // 9580 and synchronized, as the Radio Cuba operators have got their wires crossed again. RHC English is at least on 6165. There can only be a finite number of possible errors, and RHC is racking them up, one by one (Glenn Hauser, OK)
6009,90	Oct4	0350	La Voz de tu Conciencia, Puerto Lleras Spanish talk, Colombian music, religious talk and hymns 35232 R Mil, Mexico was not heard AP-DNK
6010-	Oct 9	0058	Discussion in Spanish from station on the lo side, het on the hi side. Seems about the news rather than religious, so suspect it's really Radio Mil, but I can never catch an ID or 4-note jingle around hourtop to clinch it vs La Voz de tu Conciencia, Colombia. Tonite this has a little more edge over the het source than usual (Glenn Hauser, OK)
6010	Sep27	0330	Tent R Mil with mx. One of very few times it has been possible to hear audio. Sign off this day sometimes past 0404. But cd varies, sometimes around 0330, sometimes between 0330-0400 and a few times after 0400. Several days heavily disturbed by LV de tu Conciencia which has been alternating on 6009,9 and on 6010,2 for a few days. Extremely difficult to get an ID from R Mil. On Oct 10 sign off 0331:20 with weak audio. TN
6010,1	Oct3	2116	R. Inconfidência, Belo Horizonte MG, progr. A Hora do Fazendeiro (tal como comprovado em // 15189,9, porque a qualidade do sinal em 49 m não o

6015	Oct10	0254	permitiu); 24321. Carlos Gonçalves ZBC Radio. Usual format - intro of Spice FM pop African songs, clear time pips at ToH and into reciting from the Qur'an. Not on the air Oct 7 (Ron Howard, Asilomar State Beach, CA, USA)
6035	Oct11	1632	"Voice of Russia broadcasting from London". EE px. Strong. No sign of Bhutan for a long time. TN
6035	Oct 11	1248	Very poor signal, can't make out any modulation. Most likely PBS Yunnan, China as scheduled 50 kW in Vietnamese, rather than BBS Bhutan with 100 kW in Dzongkha, but not active much lately, at least not at full power (Glenn Hauser, OK, DX LISTENING DIGEST)
6055	Oct5	-2121*	R. Ruanda, Kigali, música pop', fecho abrupto, provavelmente, porque a hora habitual é às 2100; 55433. Carlos Gonçalves
6059,8	Oct3	2124	SRDA, Curitiba PR, D.Miranda c/ propag. relig., música; 25332. Carlos Gonçalves
6060	Oct11	0100	R Habana Cuba with a very strong signal, far from clean, producing lots of noise on most of the 49 mb. Too bad they accept such a transmitter. TN
6060	Oct6	2154	R. Nacional, General Pacheco, relato de partida de futebol; 34332, QRM de B, em 6039,8, e da Dhina, em 6060. Carlos Gonçalves
6060	Oct10	1500	Sichuan PBS-2. Heard daily with fair to good signal; still with recorded IDs in English; "Nationality Channel. This is the People's Radio Station. SW 6060, 7225, FM 88.1," so must be given ever ToH (Ron Howard, Asilomar State Beach, CA, USA)
6060,00	Oct13	-1515*	Sichuan RGD, Chengdu with E ID at 15 UT, good reception from 14 UT, s/off 1515 UT. Christoph Ratzer
6089,84	Oct6	2153	R Nigeria Kaduna back again after long absence. TN
6089,9	Oct3	2130	R.Nigeria, Kaduna, dialecto local, texto; 55433. Also 1420-1430, 04/10, texto, ininteligível; 15341. Carlos Gonçalves
6089,96	Oct 9	2130	Tent R Bandeirantes between Kaduna on 6089,84 and China on 6090,0. TN
6090	Oct 4	23:35	Caribbean Beacon, The Valley Usual religious, good (Bernardini)
6105	Oct6	2150	R. Filadélfia, Foz do Iguaçu PR, propag. relig.; 333342, QRM adjacente. Carlos Gonçalves
6120	Oct3	2131	SRDA, São Paulo SP, cf. // 6059,8; 35332. Carlos Gonçalves
6134,83	Oct 4	0339	Radio Santa Cruz, Bolivia talks, music, weak (Bernardini)
6134,98	Oct11	0027	R Aparecida with religious px. Disturbed by R Santa Cruz on 6134,81. TN
6135	Oct5	2045	R. Aparecida, Aparecida SP, rubrica Cantinho Sertanejo (t); 44332; // 5035, 9629,7; 11955 fora do ar. Carlos Gonçalves
6159,97	Oct 4	2342	CKZN CBC R.1, Saint John's Canada Reports, fair (Bernardini)
6160,06	Oct8	1020	The signal is there again at 1020 check. CKZN still too strong even notched out. Faded very badly by 1100, so suspect LA. A screenshot showing the signal can be found at https://app.box.com/s/hi3wa9p4qgcrylbb8utg Dave Valko
6160,068	Oct9	1015	UNID. This was not CKZU as I thought. At 1015 found both CKZN and CKZU virtually together and audible with CKZN on 6159.967 and CKZU on 6159.972. No way to get audio on 6160.068. Not there at 1151 though. Who's here?? (7 Oct.) The UNID signal here was on again this morning. Its imposs. to get any audio with the Canadians there. Dave Valko
6165	Oct4	1831	RD. Nationale Tchadienne, Gredia, árabe, texto; 55433. Also 2116-2134, 05/10, freancês, música pop' africana; 55433.. Carlos Gonçalves
6165	Oct 10	2103	RNT, Chad, id, reports, French, fair (Bernardini)
6165-	Oct 9	0057	RNT fair signal and modulation with hilife music, before RHC is on. You never know from one night to the next whether N'Djamena will be 24 hours (Glenn Hauser, OK)
6173,85v	Oct8	1021	R. Tawantinsuyo 1021 M w/usual morning nx pgm. Ment of Cusco. TC at 1029 and nice ID w/ment of Peru. Lucky to get ID due to QRM. 1029 into ad by M w/ment of Cusco. 1031 back to nx w/live M. Drifted up 10 hz quickly at 1022. Heavy slop QRM taking over towards 1030. A screenshot of the signal can be found at https://app.box.com/s/pu4jvp9oq65gdayj0ns2 Dave Valko

6180	Oct 5	0140	Rádio Nacional da Amazônia, Brasília talks, good (Bernardini)
6185	Oct 5	0151	R.Educación, México Cultural talks, popular music, fair (Bernardini)
6285	Oct11	1950	Dokkum DX spelade en CD med gruppen Astrolites ifrån Mellerud. En för mig okänd grupp med bra musik. Dokkum är en stor sverigevän och har varit i Sverige ett flertal gånger bl. a. i Ängelholm i somras. DO
6320	Oct5	1740	R Andromedia är en grekisk pirat. Blev min enda nya station i Saxtorp denna gång. DO
6676u	Sep24	1140	Bangkok Volmet 1140 to 1143 weather information. (Wilkner)
6676u	Oct4	1030	Brisbane Volmet 1030 to 1035 weather information. (Wilkner)
6855	Sep7	1950	Galei Zahal med popmusik på hebreiska. DOG
6885	Oct 4	23:25	Galei Zahal, Yavne, Israel songs, fair (Bernardini)
6950,7	Oct 9	0046	music with heavy het from stronger pirate closer to 6950. John Poet had notified his mailing list at 0018 that The Crystal Ship was being relayed on 6950. Like 24 hours earlier when it was also on this off-frequency. First I made sure the other 6950 station was not local fifth harmonic of 1390 KCRC; this is on 6950.3 or so, and at 0052 IDs as Radio Jamba International, first by M voice, then W. Still clashing at 0101 and 0118. During this porch session with DX-398, 0045-0120 Oct 9, I did not hear any other pirates; too bad the active ones were both in AM and not quite the same frequency. But there were several SSB Spanish ``pescadores`` around 6920-LSB, 6925, 6960 (Glenn Hauser, OK)
7120	Oct4	1640	R. Hargeisa, Hargeisa, Somalilândia, árabe (p), texto; 34332. Carlos Gonçalves
7120	Oct10	*0330-	Radio Hargeisa, *0330. On with usual National Anthem and into reciting from the Qur'an. Oct 10 with 1402*; off with NA (Ron Howard, Asilomar State Beach, CA, USA)
7200,08	Oct8	1112	Myanmar R. 1112 playing Asian C&W mx, then usual W anncr. Muffled audio. Nice canned amnt at 1118. One Ham was tuning up on 7199, then another on 7201. Faded a lot by 1130. Really picked back up to very nice level at 1202, but Hams right on top of it. Dave Valko
7270	Oct8	1204	AIR Chennai 1204 distorted audio w/subcont. mx and W anncr. Hams prevented copy of closing at 1215. MP3 audio file can be found at https://app.box.com/s/swvklehjccvg0lkwuq3d Dave Valko
7289,945	Oct7	0902	RRI Nabire 0902 Koran already in progress. 0905 soft-spoken M anncr, and into AR-style Pop mx. Signal not very strong but clear and fairly quiet. Best ever heard. 0910 another similar song. 0913 sounded like the song started skipping, was turned down, fixed, and resumed!! More of the same nonstop mx until M anncr returned at 0928:40. Sounded like choral singing very briefly then, and signal suddenly cut off at 0929:11. Glad it stayed in so late. This was worth the trip all by itself. MP3 recording at https://app.box.com/s/rkjacuta32v90ob2gw2g Dave Valko
7295	Oct7	1047	Traxx FM 1046 "Love Fool" by The Cardigans, 1047 M DJ w/song amnt and took phone call, then back to mx w/"You've Got a Friend" remake. 1059 canned ID and website by W, then fanfare, and into nx. Dave Valko
7310	Oct7	0600	Radio Belarus via Radio 700. Nyheter på tyska. 2-3. CB
7320	Oct9	1241	SPY Humongous signal from SP numbers station at 0955 wiping out 7295-7345. Was peaking at S9+60!!!! (9 Oct.) Dave Valko
7435,5			Voice of Vietnam-1. Playing music; fair-poor; had been off the air for a short while; continues to be off frequency; // 5975 (fair) // 7210 (fair-poor) // 9635 (fair); (Ron Howard, Asilomar State Beach, CA, USA)
7506,44	Oct10	0322	WRNO. "Maranatha Radio" program with Pastor Ray Bentley talking about importance of SW radio and asked for \$12/month; fair; off about 0400; good audio tonight (Ron Howard, Asilomar State Beach, CA, USA)
7550	Oct5	1757	AIR Bangalore English, Indian devotian music with singer and choir, 1800 ID and news, 1810 comment, 1815 Hindustani instrumental music, 1830 ID and a talk about a safari 55545 // 11670 AIR Bangalore (55544) // 9950 AIR Khampur in DRM (strong signal, but no audio as "MSC CRC" was blinking) AP-DNK

8113u	Oct4	0935	VMW Australia Weather 0935 om weather strong signal. (Wilkner)
8828u	Sep24	1152	Auckland .. 1152 report of visibility. (Wilkner)
8989u	Oct3	2347	"El Pescador Preacher" 2347 - 2355 rather poor signal of impassioned preacher. (Wilkner)
9479	Oct 4	2310	USA WTWW, Lebanon (TN) English talks about boy scouts, good (Bernardini)

Station news

CHILE. FEEDER. 12365U Radio Cooperativa, Santiago, 2215-2303, October 11, Spanish.

Reported with the transmission from the Estadio Metropolitano, Barranquilla with the football match for the 2014 Brazil World Cup between the national teams of Colombia and Chile. Announcement and identification as : " Chile le gana a Colombia 3 a 1 y usted lo vive por Radio Cooperativa" S/off abrupt at 23:03 UTC (seconds after the end of the match) , SINPO 44444 (USB mode).

Thanks DXer Claudio Galaz, Chile for the tip!
(Arnaldo Slåen, Argentina via DXLD)

CUBA: Starting 1st October at 0030 UTC, **Radio Progreso Cadena Nacional** will start transmitting on shortwave 4765 kHz with a new experimental tropical band service according to Arnie Coro on Radio Havana Cuba's 'DXers Unlimited' programme this morning (30-Sept). The broadcast will start at 0030 UTC 1st October with the Nocturno (music) programme and end with the late evening News at 0400 UTC.

Target is the "Cuban Archipelago" and power is 50 kW. This will be third Cuban transmitter on the 60 metre band - currently Radio Rebelde 5025 kHz (50kW) and Radio Havana Cuba 5040 kHz (100kW) use the band.

A QSL will be available and reception reports sent to inforhc@enet.cu will be forwarded to the Radio Progreso Chief Engineer. Radio Progreso website is: www.radioprogreso.cu
(Alan Pennington, BDXC-UK, Caversham, UK via Christoph Ratzer)

While listening to Arnie Coro on "DXers Unlimited" via Radio Havana Cuba on 5040kHz at 0520 UTC today, he gave details of a new Cuban experimental shortwave operation starting Tuesday 1 October.

Radio Progreso, Programa Nacional will operate with 50kw on 4765kHz from 0030 till 0400 UTC.

This means 3 shortwave operations from Cuba on 60 metres - the 100kw sender on 5040 that RHC uses for English to 0600 UTC, the 50kw Radio Rebelde on 5025 which I think is 24 hours, and the new Radio Progreso on 4765, also with 50kw.

I hear Radio Progreso from time to time on MW frequencies 640 and 890. They play great Latin music! Arnie mentioned the website www.radioprogreso.cu and there's an audio stream there if you click on the headphones in the header.

(Bryan Clark, Mangawhai New Zealand, via DXLD)

E-Mail from Arnie Coro about Radio Progreso's test tropical band transmission on 4765: It is scheduled from 0030 to 0400 UTC, but I am suggesting to start earlier, at 23 Hours UTC, so that the very nice news cast that goes on the air at 6 PM local time can be heard all around the Caribbean. The transmitter in use is a 48 years old Ukranian built Snieg'50, an air cooled 50,000 watts plate modulated rig that is kept in pristine conditions, to such an extent that it looks like having arrived to Cuba a few months ago. The antenna is a Nadenenko type dipole, a very efficient broadband dipole that has a very nice horizontal and also a nice vertical radiation pattern. If you have the possibility of recording how Radio Progreso is heard at your home, please send the mp3 file to inforhc@enet.cu, and I will copy it and take on a USB stick to the Radio Progreso's chief engineer computer so he can listen to it. That's it from Wyomissing!

The future for Voice of Russia

In recent months, there have been reports in the radio hobby press, that Voice of Russia plans to discontinue shortwave broadcasting this year. Following a query to my contacts at the station, I received the following response today.

Dear Ms. Van Horn,

Thank you very much for your letter. At the moment, the Voice of Russia continues to broadcast on all the frequencies, including shortwave ones. The station has been broadcasting on these frequencies since the beginning of 2013. The only exception was made to AM frequency 1430 kHz in New York where the broadcasting was stopped due to poor quality of transmission.

As far as shortwave broadcasting is concerned, there are many plans for its further development. However, I can neither confirm nor deny mass media reports relating to the claims that the Voice of Russia is to discontinue shortwave broadcasting. Besides, I cannot give you any details regarding this matter since no decision has been made yet.

Thank you very much for your letter. I look forward to further cooperation with you in the future.

Mark Stolyar

Senior Executive Producer, English World Service

Meeting of the Vice Minister of Information with the Bata staff

Federico Abaga Ondo, Vice Minister of Information, Radio and Press held a meeting with the ministry staff and that of Radio and Television of Equatorial Guinea in Bata. During that meeting, they reviewed many aspects of the work of the professionals in these departments.

The Vice Minister Federico Abaga presiding over the table of honor of the event.

10/01/2013

On the morning of Wednesday, January 9, the meeting took place between Vice Minister of Information, Radio and Press, Federico Abaga Ondo -who represented the Minister, Agustin Nze Nfumu- and staff of the delegation of this Ministry in Bata and the professionals of Radio Television in Bata, along with students of the training courses that are conducted there, among others.

The Vice Minister particularly addressed the public radio journalists to remind them of the need to produce and broadcast objective, responsible and consistent information, with reliable and confirmed sources and data. *"You need to use deontology and professional ethics to produce quality information,"* said Abaga Ondo.

He also recalled that a new television channel will be created, Channel 2 of TVGE, and referred to the renovation of the Radio Bata facilities with the latest technology. He also assured that the equipment will continue to improve, as well as the work of the public media in the city. Therefore, he asked all the attendees to present their main suggestions and professional needs.

Among the proposals made by the workers of the Ministry and those of RTVGE of Bata, they discussed the need for computer equipment for radio editors, and the creation of an editorial board for the channel and aspects related to the training courses that are being conducted.

Finally, the Vice Minister pointed out that the needs raised will reach both the Minister and the Head of State, and they will firmly work to solve all of them.

Welcome to Africalist

What this page should contain: A complete list of Subsaharan Africa Radio Stations broadcasting on Shortwave, frequencies, times, listening experiences...

What this listing definitely does not contain:

- Stations from African countries north of the Sahara of course (except target broadcasts to other parts of Africa)
- Stations from South Africa and Swaziland (with the same exception)
- Non-African external service broadcasts via African relay sites (such as VoA Botswana, DW Kigali etc.)
- Relays of international gospel stations via these sites
- Target broadcasts to Africa via Non-African sites
- stations I forgot, I don't know, ...

Compiled by Thorsten Hallmann

Download in pdf format at <http://www.muenster.org/uwz/ms-alt/africalist/>
(via Christoph Ratzler)

I asked Thorsten Hallmann if there were any restrictions from using the information in this excellent list in SWB and he says in a mail to me:

no, I don't think there are any problmes with copyright.

I never had complaints regarding africalist, as I mostly use resources I'm in personal contact with, and I refer to them directly if any info relies on just a single report, and give credits to those that I regularly follow to maintain the database.

So I really appreciate if more listeners in Sweden know the list, and even might share information.

New Klingenfuss products for 2014: Continuous high solar activity provides good HF conditions!

Dear friends, we're now working on our new products to be published on 10 December 2013.

- 2014 Super Frequency List on CD
- 2014 Shortwave Frequency Guide
- 2014 Frequency Database for the Perseus LF-HF Software-Defined-Receiver
- Supplement January 2014 to the 2013/2014 Guide to Utility Radio Stations

Full-resolution title page graphics can be found at

<www.klingenfuss.org/r_2014.jpg> <www.klingenfuss.org/s_2014.gif>

If you are able to supply additional new frequencies and stations, your cooperation would be highly appreciated. Please let us have your data by 15 October 2013.

The printed Supplement, with hundreds of new frequencies and stations monitored throughout 2013, will be attached free to all copies of the 2013/2014 Guide to Utility Radio Stations sold after 1 January 2014.

Those customers that did acquire the Utility Guide before that date may download the pertinent .PDF file free from our website, after 1 January 2014.

The new PLATH Go2Monitor and Go2Signals digital data decoders have been introduced only in early 2013, allowing \ decoding of up to 32 channels simultaneously. Dozens of pertinent new screenshots will be included in our 2014 products. See <www.klingenfuss.org/persuser.pdf> for selected examples.

The continuously updated product Digital Data Decoder Screenshots on CD is highly successful and now covers more than 9,700 (nine thousand seven hundred!) screenshots from 1997 to today. Feed your PC with this CD and the "slide show" will keep you busy for a few days - or weeks!

After a relatively "weak" solar cycle maximum with a hefty 210+ sunspots in May 2013, we currently have sunspot numbers around 90, with some more small peaks around 120-130 expected. HF propagation conditions and long-distance communication continue to be good. New HF e-mail services, stations, networks and frequencies continue to emerge on a regular basis. HF e-mail booms and service providers continue to expand. No other publisher considers this revolutionary development accordingly.

Latest references see <www.klingenfuss.org/ref.htm>

Gayle van Horn W4GVH, Assistant Editor, in Monitoring Times, United States of America - March 2013: "2013 Shortwave Frequency Guide ...

The easy-to read book is a real asset at your listening post, regardless of whether you monitor the utility bands or enjoy programming from shortwave broadcast stations. The 2013 Shortwave Frequency Guide is an excellent annual publication for the beginner or experienced radio hobbyist who seeks a complete HF spectrum reference book (utility/broadcast station listings). The book easily opens and remains open at the selected page for easy reference at your receiver. This year's edition, as in past years, is a fine addition to my listening post."

Best wishes, Joerg Klingenfuss
