

SHORTWAVE BULLETIN

Issue no. 1885, Sept 24 2017.

Deadline e-mail next issue: 0800 UTC, Oct 8, 2017.

We have had a very nice day today, no rain and at least 20°.

Due to some other activities than radio SWB will be out a bit late today.

I am happy to present another Nordic member Peter Witten living in Aalborg, Denmark. To the right he has given a short introduction.

From deep down in South America we get reports that R Yura is active on shortwave again. This time on 5935 kHz. Last time it was heard, the frequency was 4716,7 kHz. Back then, in 2000, the station was frequently heard here and a few verifications came by e-mail.

I tried to find some interesting pictures from the station on the web but so far no luck.

But there is an interesting story by Mika Mäkeläinen here:

<http://www.dxing.info/profiles/boliviayura.dx>

Keep on

R e d a k t i o n :

QSL, kommentarer, mm.

Peter Witten, Aalborg, DK. If possible I would be glad to receive your excellent SWB.

About me: I'm 55 years old, live in Aalborg in Denmark and have been DXing since 1979. I'm member of Dansk DX Lytter Klub, and my DX-interests are MW, shortwave and FM. Receivers: AOR 7030, Tecsun PL-380, Sangean ATS-909. Antennas: Mini-whip active antenna and Tecsun AN-200 loop (for MW).

If I send you shortwave-DX-tips, I promise to send only real DX-tips, not easy heard-stations.

Very welcome to SWB. Hope to hear from you often in the future. /TN

Christer Brunström: Voice of the Islamic Republic of Iran 9810 kHz QSL-card and schedule. **Italian Broadcasting Corporation via Channel 292** 6070 kHz nice QSL-card.

Lars Wallmark: Givetvis är det manana som gäller här på Costa Tropical - spanska sydkusten.

Men QTH:et här tar sakta men säkert form. Det blir två hyggliga master, den ena med 40 m Yagi på tre element och den andra masten med lite andra godsaker. Skaffat mig spansk licens EA7JZL(Sm2hwg/Sm2w hemmavid) och hoppas komma igång på allvar efter sommarhettan. Kring 30-35 i skuggan har det varit- så tar man det ganska så lugnt.

Mellanväg, visst och nu har jag äntligen fått upp min K9AY antenn med påfyllning av en preselektor från Stefan W. Antennen sitter på en övre av terrasserna mellan Mango träden.... Funkar bra...ska nu ordna en nätt bäver på 200 meter mot SA, QTH:et som ligger 360 meter nästan rakt ovan azurblått Medelhav. Bävern ska sitta mellan en glasfibermast och avrundas i en nätt palm längst ned.. Lyssnar via diverse radioapparater. Just skaffat mig en RSP2 och den verkar lovande.

Tyvärr är det ruskigt med QRM här nere, på alla band, bortskämt som man är från norra Sverige, så känns det lite trist...

Men visst hör man en del, ska försöka rapportera av allt eftersom.

Kul att höra från dig igem med en statusrapport. Skickade detta vidare även till ARC. /TN

Lennart Weirell: Nu är det klart med mitt program om DX-ing mm över Hallsta-Sura NR. Det blir tisdag 26:e september kl. 17:00 - 18:00 med repris tisdag 3:e oktober kl. 17:00 - 18:00. Lyssna på www.radio.nu eller 103,7 MHz.

Robert Wilkner: Mosquito Coast DX News - DXSF, August/September 2017, issue delayed by Category Five Hurricane Irma, which cut power in much of Florida and resulted in considerable damage. Some logs are old. *We offer friendship to all DXers of good will.*

3240	Sep21	-0340*	TWR, Mpangela Ranch Ndaou hymn, closing ann, TWR-jingle CWQRM (AP-DNK)
3320.0	Sep16	2139	SAUK/R.Sonder Grense, Meyerton. Afrkns, light songs. 35343 (CGS)
3325			NBC Bougainville and 3260, NBC Madang (PNG) were both off the air Sept 13, when checking 1018+; rare for both of them to be silent at the same time; this was also confirmed by Hiroyuki Komatsubara (Japan), earlier at 0940. Probably due to the PNG Power Ltd's "Easipay" services, that crashed on Monday, leaving thousands without power. So maybe NBC stations were using that system to pre-pay for their power? News stories: http://goo.gl/Y2ZKeo and http://goo.gl/d6m1gx (Ron Howard, Asilomar State Beach, CA, USA)
3325	Sep22	1258	S2-S3 music, no doubt RRI Palangkaraya, talk follows timesignal about 25 seconds late after 1300 --- don't rely on it for navigation or you may run into a volcano! Still nothing on 9525- from VOI English. Astunori Ishida agrees, still no logs of that anywhen since Sept 13 (Glenn Hauser, OK)

5040	Sep18	0240	R Habana Cuba, Bauta Spanish talk, jingle. R Rebelde on 5025 was Off (AP-DNK)
5045	Sep12	1156	Ozy Radio. A day with very respectable reception from this low powered station; 1156-1436; strongest feature continues to be the old Radio Australia's "Waltzing Matilda," which were always well heard at 1156, 1206 (end of news), 1218, 1240, 1249, 1305 (end of news), 1337, 1348 (end of news, which mentioned "suburban Melbourne," etc.), 1357, 1406 (end of news - please listen to my audio) and 1417; sometimes able to make out the Dacelo novaeguineae; new email address - ozyradio@gmail.com given with IDs; mostly playing pop songs ("Hooked On A Feeling," etc.); my local sunrise was at 1347 UT. With today's improved reception of Ozy Radio, also came improved signal from China (Beibu Bay Radio) on 5050, which caused some QRM for Ozy Radio, so was forced to listen in LSB for the best results. Considerable QRN (static) and only bits & pieces readable on my audio ending with Dacelo novaeguineae, Waltzing Matilda and "Ozy Radio" ID, at http://goo.gl/2krPf9 Sent a report via email to ozyradio@gmail.com , telling Craig (owner and operator of Ozy Radio) about my listening to Ozy Radio today while parked at the beach. My "radio shack" picture that I sent him - http://goo.gl/TM7mmr , which is where I string out my long wire antenna along the wooden fence that I park next to. Craig's nice reply came back in just five hours.
			<i>"G'day, Ron Thanks for the reception report. It is amazing what 500 watts does. We now include the Australian Independent National news and also a 10 minute world round up. I bought a Pioneer shortwave car radio about 2 months ago, but I still haven't installed it. Maybe today. Thanks for your report and next time I'm in the state's we will have a beer and throw a shrimp on the BBQ. Stay tuned, Craig Allen, Ozy Radio, 5045Khz"</i> (Ron Howard, Asilomar State Beach, CA, USA)
5045			[Non] Ozy Radio, on Sept 17-18-19, clearly off the air during my normal monitoring times. Testing period over or is Craig making adjustments to the transmitter? (Ron Howard, Asilomar State Beach, CA, USA)
5045	Aug28	1000	Ozy Music Radio, heard at 1000 on 8/28 with mostly oldies, 2000 brief historical feature produced by Focus on the Family. Also 8/29 at 1529 with old Radio Australia interval signal and email address for reports. (David Sharp)
5045	Aug28	1026	Ozy Music Radio, presumed, carrier hd here around this time 8/28, 8/29, and 8/30 (XM)
5045t.	Sep2	1030	while looking for Australia Ozy Music Radio, weak audio. (Wilkner)
5910	Sep24	0000	Alcaraván Radio, Puerto Lleras melodic music vocal , good signal. (Wilkner)
5910.3	Sep17	0620	Alcaraván Radio, Puerto Lleras, Latin American songs. (Méndez)
5910.355	Sep15	0542	Alcaraván Radio with tropical music fading S9-S7 (Glenn Hauser, OK)
5935	Sep21	0000	R. Yura [Tentativa] Sept. 21. 0000-0213 UT. Radionovela. Luego dice: "Son las 8 de la noche con 2 minutos" para posteriormente seguir con la trama. A las 0010, espacio musical de cumbias, mix folclórico y de vallenatos. Id a las 0111 con baja modulación, solamente entendible la frecuencia. Luego continuación del espacio musical con avisos de la hora local. Audio: https://youtu.be/JHhmBXpywKU (Claudio Galaz, Ovalle, Chile)
5939.8	Sep13	2143	R. Voz Missionária, Camboriú SC. Rlgs. songs. Silent on // 9665v. 45333 (CGS)
5939.83	Sep21	0415	Voz Missionaria, Camboriú, SC Portuguese ann, Brazilian pop songs (AP-DNK)

5950	Sep21	0420	Voice of the Tigray Revolution, Addis Ababa Tigrinya talk (AP-DNK)
5950.0	Sep15	1805	Voice Of The Tigré Revolution, Geja Jawe. Vn, HoA songs, few tks. 35332 (CGS)
5950	Sep16	2011	Voice of Tigray Revolution, Addis Ababa, East African songs. (Méndez)
5952.4	Sep13	0030	Pio XII, Siglo Veinte y1 chat, good with narrow filter. (Wilkner)
5952.48	Sep21	0116	Radio Pio XII, Bolivia, songs, weak (Bernardini)
5985	Sep12	2315	Myanma R, Yegu Bamar ann, indigenous songs (AP-DNK)
5985	Sep20	1247	Myanmar Radio, heard the start of the Wednesday edition of "Say It In English" at 1247; continuing adventures (dialogue) of "Tom," who this week was sick; some type of QRN, but still with decent reception; program only on Monday and today. My readable seven minute audio at http://goo.gl/Mzi2Mu (Ron Howard, Asilomar State Beach, CA, USA)
5985	Sep17	0000	Myanma Radio, Yegu, time, id, talks, very good! (Bernardini)
5995.0	Sep14	2150	R. Mali, Kati.Vn, tks, TS at 2200. Extremely weak modulation. 45433 (CGS)
6010.0	Sep14	2143	R. Inconfidência, Belo Horizonte MG. Tks, anns. 24331 // 15190,1 c/ SINPO 25442 (CGS)
6010.073	Sep19	0606	The Voice of Thy Conscience, Spanish Jesus talk, as usual off-frequency, but a lot closer to nominal than the other HJDH, Alcaraván above 5910.3 (Glenn Hauser, OK)
6015			ZBC Radio. Had not checked on this one for a long time, but thanks to an alert from Bill Bingham (RSA), indicating he believes he last heard Zanzibar here about July 20, I randomly checked 0300-0415, on Sept 11, only to confirm Bill's observations - no trace of any signal here! So seems ZBC has indeed been silent for quite some time on this frequency. African conditions not all that bad today, as clearly heard Voice of Hope (Zambia), on 9680, at 0504+, in English and was semi-readable. So I think if Zanzibar had been on the air, I would have had something on 6015, no matter how faint (Ron Howard, Asilomar State Beach, CA, USA)
6030	Sep21	0425	R Oromiya, Adama, via Geja Jewe Oromo talk (AP-DNK)
6030	Sep16	1936	Radio Oromiya, Addis Ababa, Vernacular, comments. (Méndez)
6035	Sep19	-1157*	BBS. YL clearly in English (slight accent) playing pop songs in English; mixing with PBS, but not too bad, as PBS was mostly just announcer in Chinese. Yesterday's extended BBS broadcast was just an anomaly. (Ron Howard, Asilomar State Beach, CA, USA)
6035	Sep19	-1213*	PBS Yunnan. 1131 usual clear ID in English; "Yunnan Radio and Television International, the Voice Shangri-la," but otherwise in Chinese and mixing with BBS; 1201 switched to non-stop filler EZL instrumental music (always the same music!) till suddenly off (Ron Howard, Asilomar State Beach, CA, USA)
6040.7	Sep14	2146	R. Evangelizar, Curitiba PR. Rlgs. propag., songs. Adj. QRM. 34443 (CGS)
6040.73	Sep21	0125	Radio Evangelizar, Curitiba, Brazil, religious talks, weak (Bernardini)
6050	Sep12	2325	Xizang PBS, Lhasa, Tibet Chinese ann, Chinese pop songs, 2330 talk // 4820 CWQRM, 7240 and 7450 (AP-DNK)
6059.8	Sep19	2122	SRDA, Curitiba PR. Rlgs propag. by shouting preacher. Meas. 6059.847 // 9664.989 only. 25331 (CGS)
6070.0	Sep18	2157	CFRB (p) via CFRX, both Toronto ON.E, tks. Adj. QRM. 23331 (CGS)

Station news

BOLIVIA. Estimados: Existe una emisora en 5935 proveniente de Bolivia. Identificable por la hora dada y el acento. Sin embargo, no se identifica.

Hace un par de semanas, un diexista argentino la captó: https://youtu.be/-g_dlnnBvkg

He aquí la mía: <https://youtu.be/JHhmBXpywKU>

Saludos cordiales.

(Claudio Galaz, Ovalle, IV Región, Chile. via Lista ConDig)

Hola, La emisora reportada por el amigo y el amigo Claudio, es **Radio Yura, La Voz de los Ayllus**. Anoche llegaba a mi QTH compartiendo canal con Univesity Network desde USA; así decidí probar suerte con un SDR localizado en Brasil y se escuchaba un poco mejor, con largas tandas de música folclórica y dando la hora una que otra vez en voz pregrabada.

No hubo locución y antes de salir del aire a las 0212 UTC "Hasta este momento Radio Yura, la Voz de los Ayllus ha llegado al aire en sus emisiones correspondientes a esta jornada, esperamos que todos los programas que hemos difundido hayan estado al completo agrado de todos ustedes..." Mismo cierre pregrabado que compare con un audio de hace un par de años. Reactivación en nueva frecuencia.

(Buenos DX, Rafael Rodríguez R., Bogotá D.C. - Colombia via Lista ConDig)

CONGO. Democratic Republic of Congo: **RTNC-1 & RTNC-2** now streaming live on the web

The government broadcaster in the Democratic Republic of Congo is now live streaming two radio services from its website at www.rtnc.cd. They're labelled 'RTNC1' and 'RTNC2' on my media player. There's also a button for a live TV stream, though it isn't working yet.

The two live streams on the RTNC website (rtnc.cd) are now identified on the webpage as Radio Nationale (RTNC1) and Radio Kinshasa (RTNC2).

HAITI. SOLIDARITY MEETS SURVIVAL --- by Jim Thomas

``When you live in Port-au-Prince, you may not know the name of the place, but you've seen it many times. It's the mountain top with at least ten different radio towers``

Those are the words of Gerard Schut, a global hiking trail expert from Italy. In 2015, he took on the Boutilliers Observatory trail, a 7.25 mile trek clinging to the perimeter of the Boutilliers summit. Boutilliers, which is five miles from the village of Petion-Ville, is the home to every AM, FM and TV signal that blankets the city of Port-au-Prince. . .

(illustrated 4-page article in September WTFDA VHF-UHF Digest, provided to us for open access by author Jim Thomas, via DXLD)

PAPUA NEW GUINEA. I received a letter Sept. 14th from Joseph Emert, president of Life Radio Ministries in Griffin, Georgia who shares the following sad news:

"I recently learned from our partners at *Wantok Radio Light*, in Papua New Guinea, that vandals have burned the Christian Shortwave radio station to the ground. You have had an important part in our radio missionary efforts. This wonderful radio network, which our ministry helped to launch in 2002, is enjoyed by millions across this island nation in the South Pacific. I wanted you to know about this situation. The loss of the shortwave signal across the nation results in many not being able to tune into the daily proclamation of the Gospel, Bible teaching, and spiritual encouragement."

Mr. Emert mentioned that he's been invited back to Papua New Guinea to assess the situation. He will be returning in early October to gather information to help find out what it will take to put *Wantok Radio Light* back on the air. He stated that the network has grown to 30 FM stations since 2002, but the shortwave signal is able to reach many in extremely mountainous regions where the FM signals just cannot penetrate.

His letter doesn't make clear if the fire destroyed only the shortwave transmitter facilities, or also the WRL studio. If the latter, then the programming for the FM stations is silenced also.

(Guy Atkins, Puyallup, WA via DXplorer)

Pacific Asian Log Update

Hello everyone:

I updated the Pacific Asian Log a few days ago. It's now posted on the Radioheritage website: <http://www.radioheritage.net/> You'll need to go through a couple of the site's internal links to get to the proper page, but you'll be able to either download the PDF version or use the interactive version. If you have problems finding it, let me know. I can also send a copy directly.

Changes since last update in May include major updates to the Australia, China, and Philippines listings, as well as changes for other countries. Corrections and updates from users are always welcome and can be sent to bportzer@comcast.net or portzerbt@gmail.com. I'm planning to issue the next update in November.

First issued in 2001, The PAL lists medium wave and domestic shortwave broadcasting stations in southern and eastern Asia and the Pacific. It lists about 5000 stations in over 50 countries, with frequencies, call signs, locations, power, networks, schedules, languages, formats, networks and other information.

(Bruce Portzer via DXLD)

John Ekwall: Här kommer lite illosar från Jan Rasmussons samling.

From Jan Rasmusson's collection we have some very nice QSL-cards from a few of the old Angolan stations broadcasting on SW back then.

Those Angolan QSL cards are all very beautiful and attractive.

This time it is R Clube do Lobito 4707 kHz

In coming issues you will see R Clube do Angola 4868 kHz & R Clube do Huambo 5060 kHz

- Recebemos as suas informações de escuta que conferem com o programa transmitido, pelo que lhe enviamos os nossos melhores agradecimentos. Muito obrigado.
- We have received your information concerning the reception of our program confirming our transmissions and we thank you for your kind information.
- Les informations que nous sont parvenues son bien d'accord avec les programmes présentés. Veuillez accepter nous meilleurs remerciements.
- Vi har tacksamt emottagit Edra detalgerade upplysningar angående vår radioutändning vilket vi härmed bekräftar. Högaktningsfullt.
- Wir haben Ihre Informationen ueber den Empfang unserer Station erhalten welche mit dem von uns gesendeten Program uebereinstimmen. Recht herzlichen Dank.
