Om ca 5 veckor är det jul och du börjar dagarna bli längre igen. Nu är det dags för Pacific på de lägre banden om kondsen tillåter, och lagom för dessa eventuella hörigheter kan vi hälsa SW Stefan Wikander, Tjädervägen 100A, 871 00 Härnösand välkommen tillbaka efter några års frånvaro. Någon närmare presentation är väl överflödigt, men nämnas kan att Stefan nu rattar en 390A (SA framme som säljare) samt en ombyggd R1000. Förutom hyfsade antenmöjligheter H-sand, så blir det naturligtvis besök vid super-QTHet i Hammarstrand.

Ole Forr blev tyvärr bortglömd förra gången. Svarat har FR3 Cayenne-6170 med det vanliga.

Bo Nensén tycker det går trögt med lyssnandet. Svar har kommit från Radi- SWA-4965 kort.

Jan Svensson kommer med en fin Indonesien-logg samt Fujian PBS-2340 kort direkt samt RRI Gorontalo-3265 med brev på EE från v/s Abdul Fattah-Director (svarstid drygt 2 år).

Per Ingebretsen väntar bara på våren och fram till dess kommer QSL som t ex Bauru Rádio Clube-3275 brev v/s J. Candido S. Arruy, Radio Illimani-6025 brev samt Afrique No 1-4811 som också sände brev.

Christer Brunström anmäler RRI Palu-3960 rek brev samt ett pirat-svar som red stryker.

## SWBs JUBILEUMSERBJUDANDE

Som vi tidigare har nämnt finns hos SWB ett antal sändarrör (typ 807), som vi erbjuder till behövande mindre stationer i Indonesien och LA. Christer Brunström har översatt vårt erbjudande till spanska (tack CB!). Vill du ha några ex att skicka med till någon lågeffektad radiostation så skriv en rad till red. Några har redan fått den indonesiska varianten.

LOGGEN - TIMES IN GMT

Som synes nedan har det varit lite öppning mot Indonesien. I övrigt ganska skrala konds.

A special thrill greets the DXer lucky enough to tune an anniversary transmission from a Latin American broadcaster. Similarly, certain stations only run on extended schedules, allowing DX reception, on special occasions like station foundation dates and national holidays. To enable such special receptions, the following calendar for LA DXing has been compiled.

Only those stations which have provided an exact anniversary date have been included. Unfortunately, a multitude of broadcasters have announced the year of establishment but not the precise date; these have been omitted.

A great debt is acknowledged to what appears to be the bedrock in such data: the listing published in 1971 and 1972 by Finland's DX Club International and compiled by Veli-Matti Kuparinen. All such calendars since have been -- as is this one -- mainly an updating of that data base. My thanks also go out to Don Jensen, who was kind enough to wade through 30 years of QSLs and pennants to add to my information.
