Kraftiga solstörningar från den 3 oktober och framåt har förstört mycket av nöjet att lyssna på tropikbanden mot LA, och banden har väl inte hämtat sig ännu vad jag kan förstå av tipsen till detta nummer. För den indonesienintresserade kan vi denna gång bjuda på en intressant lista som jag hämtat från Play-DX #807 ("RPDXL" September 1994, Takayuki Inoue Nozaki).

Glädja oss kan vi också åt en ny medlem igen. Denna gång åter en värlänning - **Hans Johansson (HEJ)**, Skogsvägen 37 F, 665 31 Kil. Tel 0554-145 69. Välkommen till SWB och hör gärna av dig med en personlig presentation inom den närmaste tiden.

Hermod Pedersen meddelar att han de närmaste åren kommer att ha en ny adress (gäller dock ej SWB som fortfarande skall gå till Malmöadressen): Jacob Erlandsens Gade 3, DK-2100 Köpenhamn Ö. Tel 00945-35262005 (bost), 00945-33911313 (arb), 00945-35432415 (fax), 010-2478604 (mob). Nästa gång blir det förhör på dessa telefonnummer boys!
