

SHORTWAVE BULLETIN

Issue no. 1671 July 12, 2009.

Deadline e-mail next issue: 0900 SNT, July 26, 2009.

Det märks verkligen att det är sommar och tid för andra aktiviteter än DX-ing. Bara några få bidrag har letat sig fram till redaktionen.

Semesterns första vecka har precis klarats av.

Tyvärr har jag sedan en månad tillbaka dragits med nåt "skit" i ena knäet som inte vill ge med sig. Var en runda hos doktorn som trodde det var begynnande artros och rekommenderade att det skulle röntgas. "Räkna med en väntetid på 2-3 månader" var hans slutkommentar. Vid det laget är man väl antingen frisk eller så kan man förmodligen inte röra sig. Som det ser ut så skall man hålla sig frisk i varje fall på sommaren!

Blir tvungen att ordna med lite utfyllnad för att första sidan skall se någoklunda vettig ut. Flera QSL är väldigt roliga och det är inte lätt att välja.

Om man skall välja familjelivet eller en pilsner i glada vänners lag – det får ni själva avgöra ...

Keep on

QSL, kommentarer, mm.

John Ekwall: Hej i VÄRMEN!

Just hemkommen från Karön efter en vecka -blåsig men solig. Försökte faktiskt dx-a - åtminstone en natt men det var inte mycket som hördes. Det hade nog gått bättre natten innan då a-index var uppe i 10. PioDoce ovanligt svag liksom brassarna. Före kl 0100 var det stora problem med 1179 som hördes utan antenn på hela kv och mv. Söndag efter midsommar var det lite e-skip mellan 1030 och 1230. Först Frankrike sedan Spanien men tyvärr bara några sekunder i taget.

Hoppas ni får en angenäm bilsemester på Frisiska öarna! I torsdags låg en frisk "skutje" förtöjd vid gästhamnen. Såg åt som en kogg - runda former - och med väldigt litet djupgående - kanske 60 cm. Byggd för innanhav och sjöar.

För några dagar sedan damp ett brev ner med 2 QSL. Just det - det var svar på mina rapporter till **R St Helena 2007 och 2008!** Noterbart är att de är utskrivna i början av juni med nr 296 för 2007 och nr 304 för 2008. Om jag inte minns fel var det över 1100 QSL för den första RSHD-sändningen 1992.

Bengt Dalhammar: Från Glenn Hauser har följande meddelande med hänvisning till beslutet på årets konvent kommit: "\$100 bill safely received here today from Magnus. Many thanks to all of you! And for all your contributions to DXing as well. 73, Glenn".

Även om det tog tid så var lösningen, med hänsyn till de relativt dryga bankavgifterna både hos avsändare och mottagare vid överföring av mindre belopp, att be sonen vid ett besök i New York härförleden att överföra beloppet lokalt. På detta sätt har hela beloppet kommit Glenn oavkortat till godo utan att göda någon mellanhand.

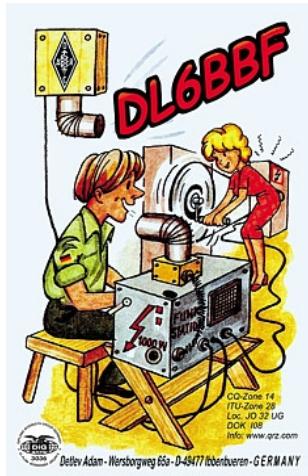

(*Det är lite märkligt att det skall vara så svårt att överföra pengar till utlandet i dessa internet tider! Att ha en egen budbärare verkar mycket enklare. /red*)

Stationsnyheter

PAPUA NEW GUINEA. **3335, R East Sepik**, 1240-1305, July 1. In Tok Pisin and English; list of contest prizes (40" color TV, mountain bike, mobile phone, etc.); frequencies for SW and FM (90.7 MHz.); bird call; "Good night Papua New Guinea. The News Roundup" (the state is challenging a decision to suspend, for medical reasons, the sentence of former chairman of the National Gaming and Control Board, Daniel Mapiri, who was convicted and sentenced in 2004 for misappropriation of over 3M Rupiah, etc.). The decent reception of PNG stations continues.
 3905 also doing well today (Ron Howard, Asilomar Beach, CA, Etón E1, dxldyg via DXLD) .

PAPUA NEW GUINEA.

3305, R. Western (presumed), 1210-1218, June 29. One of the strongest PNG stations heard today. In English; religious talk/sermon; religious song in English ("We Are the Children"); DJ with "Monday night dedications"; reads dedications and played pop songs; almost fair.

3345.0, R. Northern/R.Oro (presumed), 1239-1248, June 29. Weak and QRM from RRI; pop songs (Eagles singing "Take It Easy"); too weak to determine language used by DJ. Not often I catch this one.

3385, R. East New Britain (presumed), 1249-1305, June 29. In Tok Pisin; DJ playing dedications and pop songs ("I Ain't Missing You"; Eagles with "Hotel California", etc.); ads in English and Tok Pisin ("Coca Cola, the number one soft drink"); promo for contest; mentions "NBC". Almost fair.

Plus a scan from 1220 to 1230, June 29 (presumed PNG):

3220 – pop music.
 3260 – island music, dedication show in Tok Pisin.
 3275 – a long speech in Tok Pisin. Several checks here in recent days found them off-the-air.
 3315 – in Tok Pisin.
 3325 – pop music under RRI.
 3335 – island music, dedication show in Tok Pisin.
 3365 – pop song in English.
 3905 – pop music.
 (Ron Howard, Asilomar Beach, CA, Etón E1, dxldyg via DX LISTENING DIGEST)

VANUATU. 3945.000, Radio Vanuatu. 0910, program of light ballads and island music, simple ID by man in English at 0918 as, "This is Radio Vanuatu." Actually had this about an hour prior but had to wait for the positive ID. Into Pidgin conversation as I type, 0937 UT, 1 July. (David Sharp, NSW Australia, FT-950 and ICF-2001 via HCDX)

Radio call letters used to have an air about them

Early radio stations would advertise quaint or wacky slogans to help listeners remember their call letter IDs. An unwieldy one from Orange County's first station: "KFAW: Kept From Awful Winters.'
