Red. Leif Blomqvist, Middagsvägen 12, 302 59 Halmstad

Här skiner solen idag, efter ett par härliga bad i Tölösand är det dags för ett nytt nummer av SWB. Tipsen uteblir, har kollat några nätter men det har inte givet något bra resultat.

Vi går över till QSL och börjar med:

Per Ingebretsen som fått Radio Mundial 4770 med stencilbrev, sticker och vykort, v/s Luven Rossi Vera, Director.

Thomas Nilsson gläder sig åt VL8T och VL8A i ett och samma brev, under tecknat av R.A. Sullivan, General Manager

Hermod Pedersen meddelar 3 LA QSL vi börjar med Radiodifusora Paz y Bien 4820 brev och QSL-kort, v/s Enrique Pesantez G, Gerente, Rádio Nacional de Manaus 4845 stencil, vykort, mm från sedvanlige v/s Eudson Monterio de Lima och till sist Radio 2 de Febrero 5506 vykort från direktören och ägaren Roger Arse Salmón med rätt så tveksam QSL-text- vilket utläst betyder ingen, mer än tack för brev. Fast jag skäms inte, utan räknar det som QSL. Roger hälsar för övrigt till er allihop: "un gran abrazo internacional también para sus colegas, amigos y familiares, a quién le agradecemos por sus atentas cartas enviadas anteriormente"

(gratis till MV-QSL-et LB)

Så över till de få bidragen:

2380	17.6	00.45	Brasse, Limeira? och populärmusikspelande station , FIBS?		
				1-1½	KN
3245	17.6	00.15	Rádio Clube de Varginha	2-3	KN
3285	17.6	00.00	OID brasse, troligen Bandeirantes	1-1½	KN
4796	8.7	02.40	OID SS. som stängde 02.42	2-3	JS
4797	10.7	03.00	Radio Nueva America går bra för det mesta	4	JS
5030	29.6	-01.05	Radio Cuarto Centenario stängde efter ha spelat fin musik	2-3	KN
5039	22.6	00.15	La Voz del Upano	3	KN
5050	10.7	02.50	Faro del Caribe	3-4	JS
6135	ofta	23.00	Rádio Aparecida går oftast, viket försvårar att höra Santa Cruz	2-3	KN
7470	25.6	00.30	Radio Caiman spelade fin musik och gav fina id. Vet någon adressen. Har ej sett någon sådan.	4	KN

KN bidrag lite försenade på grund av att de inte han fram till PI i tid.

Detta var allt för denna gång, ha en fortsatt skön sommar

WHEN SWB-MEMBERS MEET . . .

I had the great pleasure of meeting fellow SWB-members Dario Monferini from Italy and Jur Carlos Codina from Switzerland on the occasion of DSWCI's Annual General Meeting in mid-June. Having attended AGM '84 and '85 already, I managed to persuade Dario to accompany me on my trip by car to Copenhagen, and Dario in turn persuaded "Don Juan" to join us.

So Juan came to Stuttgart by train for an overnight stay at my apartment, and Dario arrived the next morning. Our 1,000 km trip took some 16 hours due to heavy traffic on Friday afternoon, but having passengers like Juan and Dario will guarantee that even such a long trip won't be boring. Just imagine Juan sitting in the backseat, hiding underneath my umbrella in a desperate effort to avoid the sunlight, hi! There was plenty of talk about our common hobby, and Juan certainly is the person to report about DXing in other continents, having lived in Japan and Peru respectively. Conversation was partly Spanish, partly English since my command of the Spanish language is anything but perfect whereas Dario's Spanish is just first-class!

We really enjoyed the hospitality of our Danish long-time friends Anker Petersen, Kaj Breddahl Jørgensen, Finn Krone, etc., and it was nice to talk to the WRTH-editors and to Jonathan Marks and charming wife Marian, who were present too. Just a pity that time always flies when you're with close friends! We had to depart much too soon due to working commitments, so we got on our return trip aroundabout 3 o'clock on Monday morning. Juan continued by train immediately after arrival at Stuttgart in order not to miss Argentina's match at the Football World Championship the same evening. Dario and myself spent an enjoyable evening at Stuttgart before my Italian guest would catch the train to Milano the next morning.

Let me take this opportunity to thank Dario and Juan for a great time spent together. Hope to meet you again - and other SWB-members too - before too long!

73 & good DX,

Bernhard Gruendl

Hi Leif,

I've written a brief report about an SWB-invasion to Denmark in June which may be of interest to SWB-members. Feel free to publish this in a future edition of SWB!

Working overtime and poor propagation conditions prevented me from serious DXing during the past couple of weeks. Hope "working conditions" will improve considerably soon! Till then, best wishes and...

73 & good DX,
